

Montana Business Registry Resale Certificate

Montana does not impose a general sales/use/transaction tax. A Montana buyer who purchases goods outside of Montana for resale in the ordinary course of business may provide this certificate to an out-of-state seller of property as evidence that the buyer is registered to do business in Montana. Sellers are responsible for verifying this self-certification.

The seller may accept this certificate as a substitute "resale certificate" for purposes of exempting the transaction from that state's sales/use/transaction tax, but is not required to do so. **Not all states accept this form. Some states may require you to use their state-specific form or provide additional information.**
