According to Federal Acquisition Regulation 29.302 Application of State and local taxes to the Government:

(b) When it is economically feasible to do so, executive agencies shall take maximum advantage of all exemptions from State and local taxation that may be available. If appropriate, the contracting officer shall provide a Standard Form 1094, U.S. Tax Exemption Form (see part 53), or other evidence listed in 29.305(a) to establish that the purchase is being made by the Government.”
